Welcome to Genteel

Thank you for visiting our website and a Big Welcome to our Home Page.

Genteel Associates is a family business based in Wellingborough, Northamptonshire that offers dry food ingredients including pulses, beans, lentils, rice, grains, whole and ground spices, flours and powders, all at competitive prices.

Most of us will be aware of the nutritional value of pulses as they are a low-fat, high source of protein also containing minerals and vitamins which counts as part of our '5 a day'. They are also beneficial for those who do not eat meat, fish or dairy products. Why not try our products in your cooking and let us know which your best dishes are? We would love to find out.

We feel that our food products support health and well-being.

Please take the time to browse around our website and see what we have to offer; we are sure you will not be disappointed.

If there are any questions you may wish to ask or any information we can offer, we will be only too pleased to take your call.

We hope you enjoy visiting our website.
